Re: My backyard garden

Dear Chip:

Thank you for my beautiful garden! I started the "Big Dig" in my backyard three years ago and it was killing me. You came along and brought order and beauty to the mess I had created. You listen to what I said and gave me the exact garden I asked for. You even left space for me to plant annuals.

You did what you said you were going to do, when you said you were going to do it, and at the price we had agree on. Each of the people you brought into my yard was professional, prompt, and competent. We are more than pleased with the results.

Very truly yours,

Pamela
